Georg Jensen Bracelet Danish Modern Sterling Silver 103 By Edvard Kindt-Larsen
EDVARD KINDT-LARSEN (1901 - 1982)

The architect Edvard Kindt-Larsen produced a wide range of work in cooperation with his wife, Tove Kindt-Larsen. Making an ever increasing contribution to design over many years. The couple shared an astute sense of quality and an ability to work in a recognized idiom that precisely coincided with the taste of the day.

As a newly qualified architect, Edvard Kindt-Larsen had caused a stir with his lavishly conceived gold medal project for a large hotel by the lakes in Copenhagen, and continued to attention on a regular basis with his buildings, especially his own house in Klampenborg in 1962.
