

SHAPIRO & Co  
since 1979

**Pearl Earrings in 18ct Gold dated London 1987, SHAPIRO & Co since 1979  
£875.00**

Akoya Pearls in the earrings size 9.1mm diameter approximately.

Akoyas were the first pearls ever to be cultivated. In 1893, a Japanese man developed a scientific process for cultivating pearls inside the Akoya oyster. At first, very few of these pearls made their way to Europe and even less to the United States.
