

Chronographe Suisse Incabloc Chronograph £1,450.00

Watch: Chronographe Suisse Chronograph Incabloc
Stock Number: CHW5271
Price: £1450

A rare find! This is a special watch even more so in such condition.

This Chronographe Suisse is one of the first waterproof Chronographs of the time in fact it used a patented case type to ensure that the watch remained waterproof despite many of the time if a chronograph not being waterproof.

At approximately 35mm it has a decent case size of the era too. Black Gilt Gloss Dial with painted Arabic Numeral hour markers that match the colour of the hands. Signed caseback.

Serial dates the watch to the 1950's this is a manual watch powered by the legendary Landeron 248 Incabloc movement.

- fitted to generic strap -
