

**Rolex Datejust Oysterquartz 17013 Watch and Rolex Service 2018
£4,595.00**

This watch is offered without box or papers but is accompanied with a Rolex service card from April 2018 worth nearly £1,000 in addition to our 12-month warranty. We have had it checked in our workshop, it showed perfect readings and received a gentle polish.

This Rolex Datejust is the rare Oysterquartz version, model 17013, and features a 36mm stainless steel case, a fluted yellow gold bezel, champagne dial with baton hour markers and a date aperture at 3 o'clock, all underneath a sapphire crystal glass which shows so minor marks when photographed but to the naked eye the marks are not visible hence why we decided against replacing the glass. This can be arranged at cost.

The watch operates from a quartz powered movement which is very rare for the Rolex watches and is water resistant to 100m.

This wonderful timepiece is fitted to a bi-metal integrated bracelet with a folding clasp.
