

OMEGA Seamaster Aqua Terra 23113422106001
£3,795.00

We are always on the lookout for unique Omegas. These Aqua Terra 23113422106001 models had a low production run so we were particularly pleased with this great find, especially as it is dated to 2011 and comes as a complete full set of box and papers.

It should be noted we have marked this watch as 'Good' Condition however it should be explained we have used that description as we have purposely left the watch unpolished. There are no significant marks or scratches just light wear and it can be polished upon request.

Measuring 41.5mm the stainless steel case houses a 8500 Caliber movement that provides a power
