

## **ROLEX Oyster Perpetual 124300 2023**

**£6,795.00**

Albeit we have listed as very good, this watch is practically unworn and dated to July 2023 and presented as a complete full set of box, papers, tags and links. 4 year Rolex guarantee remaining.

One of the newer Rolex releases this Oyster Perpetual 124300 has a 41mm stainless steel case, sapphire crystal, waterproof to 100 meters.

Black dial with silvered hour markers with white luminous centre give a crisp clear time. The Oyster Perpetual has a thinner case than the Datejusts and to many is an understated everyday watch that suits any occasion without standing out.
