

Geometric Opal Diamond Pendant £725.00

A Mesmerising Geometric Opal Diamond Pendant. The vibrant and colourful green and blue flashes of the opal have a fantastic play of colour. The opal measures 10mm x 0.8mm with a beautiful polished finish accenting the flashing hues. The opal is claw set within a flaring triangular yellow gold pendant which has the gold mark stamped on the back.

There is a modern brilliant cut diamond, 3mm diameter, which sits above the opal and is in a rub over setting. The entire pendant measures 1.5cm at the widest point by 2.8cm long including the bale. The chains shown are for display purposes but we have a selection of chains for sale on request. Please message us if you require further information.
