

Omega Seamaster Chronostop 145.007
£1,495.00

This Omega Seamaster Chronostop 145.007 from 1968 (as per the serial number) has an original dial that has beautifully aged to give a wonderful patina. The white ring had naturally discoloured to give an almost bunt look or effect.

In fine working order this Chronostop is also attached to an Omega signed bracelet and clasp to fit a wrist to 7.75 inches.

41mm steel cushion shape case. Black dial with originally white ring around it. Striking orange second hand all functions work as they should

Operating from an 865 manual wind movement which should give a power reserve of up to 40 hours.

Plexiglass and due to age not considered waterproof.

Provided with a 12 month guarantee and ready for next day delivery.

Antique ref: CHW5683
