

Omega Seamaster 14761
£795.00

Watch: Omega Seamaster 14761
Stock Number: CHW5744
Price: £795.00

For this Omega Seamster 14761 its all about the linen dial, yes it shows some marks and scratches, wear and tear but then again its from the early 1960's! Could be polished up however we see its value and beauty in the way it is but if you want us to polish then we can.

34mm stainless steel case with original crown and seamster stamped case back. Gold coloured baton hour makers to match the hands. The linen dial has naturally gone an off white creamy colour giving it a beautiful unique look.

Operating from a 552 Calibre movement that powers this automatic watch which is fine working order and guarenteed to that effect.

Fitted to a generic leather strap and buckle.

Our View - This Vintage Seamaster 'is what it is' in many ways and that is a classic 60's Automatic Seamaster most likely never to have seen a polish or any major work before in its past so as original as it can be (and of course its a price that can't be beaten)

Antique ref: CHW5744
