The uniquely shaped Exaequo wristwatch also known as the "Dali" Softwatch inspired by Salvador Dali's "The Persistence of Memory" - one of the most recognizable paintings of the Surrealism.

The Softwatch features a pear-shaped rose gold plated case measuring approximately 47 by 28mm, brown dial with Roman numerals, smooth rose gold plated bezel and a round crown. The watch is not water-resistant.

The watch operates from a quartz powered movement and is fitted to a brown leather strap with buckle.
