

Rolex Precision 3411
£1,750.00

Watch: Rolex Precision 34.11
Stock Number: CHW5788
Price: £1750.00

Incredible to think this Rolex Precision 34.11 is just a few seconds out per day that's despite it being dated to 1976.

As you can see we have purposely left this watch unpolished and original which will mean you will see marks and scratches (although nothing significant in our view), dial has clear natural pitting but is the original silver baton dial the watch started out as.

Silver hands to match the batons this is a manual wind watch operating from a Cal. 1225 movement. Plexiglass. Due to the age of this watch we certainly wouldn't consider waterproof.

34mm stainless steel case, original steel crown and caseback.

Generic brown leather strap however the original steel Rolex buckle is fitted to this strap.

Our View - An honest, original 1976 Rolex that won't break the bank.
