

Zenith Auto Sport Cal. 2562
£995.00

Watch: Zenith Auto Sport Cal. 2562
Stock Number: CHW5806
Price: £995

Classic 70's affordable Zenith Auto Sport! Blue dial with silver baton hour markers that appears original to when the watch was first made.

Automatic Calibre 2562 movement gives a power reserve of up to 40 hours but more impressively runs at just 4 or 5 seconds plus per day after a recent service which is quite incredible for a watch of this age (thought to be early 70's).

36mm stainless steel cushion shaped case in line with the 70's. Original Zenith steel crown.

Condition wise, yes the watch shows marks and scratches consistent with a watch worn regularly over the last 50 years or so however nothing major and certainly nothing to effect the working or overall look of a vintage watch.

Fitted to a brand new black leather Hirsh strap with steel buckle.

Our View - A cracking watch, full of history with a nod to the 70's all be it with a modern touch by way of the blue dial.
