

**IWC Pilot Chronograph IW3741**  
**£1,750.00**

Watch: IWC Pilot Chronograph IW3741  
Stock Number: CHW5813  
Price: £1750.00

A beautiful vintage quartz powered IWC Pilot Chronograph this is the IW3741 model and is presented on its original IWC strap and buckle.

36mm stainless steel case, original pushers and crown. The dial being black with what would have been white hour markers with the 3,6,9 and 12 pointers having beautifully aged and given a patina. Date window at 5.

This is a Meca Quartz battery powered movement (recently changed battery). All functions work correctly. Thought to be mid 90's by the serial which is 255XXXX.

We have left this watch unpolished and estimate it to be from the mid 90's it can be polished upon request although we see its beauty in it just as it is. Due to this it will show some marks and scratches or wear and tear as you can see from the images however nothing significant.

We have left on original black leather strap which is perfectly usable but you may wish to replace as obviously shows some wear on the inside.
