

**Victorian 18kt gold emerald cluster ring.
£3,150.00**

Antique Victorian 18kt gold emerald cluster ring.

The ring has a cluster-style design, crafted in 18kt yellow gold. At its centre is a rectangular step-cut emerald, prong-set and displaying a vibrant green hue. Surrounding the emerald are eight old-cut round diamonds, arranged in a symmetrical halo pattern. The diamonds are prong-set with visible spacing, creating a delicate yet structured appearance.

The shank of the ring is a narrow, polished gold band that tapers slightly as it meets the cluster setting. The underside reveals an open gallery, allowing light to pass through the emerald and diamonds, enhancing their brilliance. The overall style is ornate, with intricate detailing around the cluster.
