

**Omega Geneve 166.0118**  
**£895.00**

Watch: Omega Geneve 166.0118  
Stock Number: CHW5747  
Price: £895.00

This Vintage Omega Geneve dates back to 1971

This honest looking Omega Geneve has a silver dial has an automatic movement that has just recently been serviced and comes with an Omega Signed box.

Reference number 166.0118 and serial number 3374XXXX we would expect this watch to have a healthy power reserve and operate at about +25 seconds per day.

Silver dial to match the silver baton hour markers and hands. Date window aperture to 3. Original steel Omega crown. Stainless steel 35mm case with smooth steel bezel and big exaggerated statement piece lugs.

Fitted to a new Brown lizard strap to finish the look the overall condition is excellent, sure it does show some patina to the dial and some marks and scratches across the case but with that said it makes an excellent gift that is beautifully presented and in fine working order.

12 Month guarantee, next day shipping and Omega box included. Please note this watch would not be considered waterproof.

Our View - Beautifully presented and a lovely honest vintage Omega Geneve
