

**Emerald Cut Diamond Ring in 18ct White Gold date circa 1970, SHAPIRO & Co since 1979
£5,750.00**

The emerald cut diamond originated in the 1500s as a way to cut emeralds without chipping them. The cut's popularity increased during the Art Deco era of the 1920s and 1930s. Today, emerald cut diamonds are a popular choice for engagement rings.
