Oriosa Incabloc Chronograph Tropical Dial £795.00

Watch: Oriosa Chronograph Stock Number: CHW6115

Price: £795.00

The Oriosa Chronograph - not a lot is known about this watch or the manufacturer Oriosa, Swiss made and using the Incabloc shock protection system. More than that is hard to establish.

Why have we brought this watch into stock? Need we answer that? Just look at the beautiful natural tropical dial and the way it has aged just perfectly. A chocolate brown colour with pitting to the bottom
