

### **Stuart Crystal Ring** **£3,800.00**

Fine quality Stuart crystal ring, circa 1680. The high carat gold hoop has foliate black enamel shoulders and arcaded reverse filled with black and white enamel. The central compartment contains a weave of hair surmounted by two colourful enamel devices of angels holding the entwined gold initials IWTW, covered by a table-cut rock crystal. The initials are also engraved on the reverse of the ring. The ring is size M [US 6] and the crystal compartment measures 1/3 of an inch by 1/4 of an inch. In very clean, sturdy and most wearable condition.
