

**Fluted Rock Crystal And Diamond Drop Earrings, 4.50ct
£12,000.00**

A pair of rock crystal and diamond drop earrings, comprised of fan-shaped fluted rock crystal sections, bordered by a row of brilliant-cut diamonds, with fluted rock crystal pendant drops below, capped with a six-pointed star set with diamonds, with diamond-set clusters joining the two sections, mounted in white gold, with posts and clip fittings. American, circa 1980.

The estimated total diamond weight is 4.50 carats.
